

## Special ADULT (19 years and older) Vaccine Program for a limited time:

Adults whose insurance does not cover the cost of vaccines, may now be able to get vaccines at Macomb County Health Department offices through the American Recovery and Reinvestment Act (ARRA) program. The vaccines are provided through the Michigan Department of Community Health. The only cost to the client is the administration fee of \$8.00/shot—cash or check only.

The HPV4 vaccine (Gardasil) is available through this program for men and women 19 through 26 years of age who are uninsured or whose commercial insurance will not cover any portion of the cost of this vaccine.

Varicella vaccine is available for those born in 1980 or after with no prior immunization or evidence of immunity and who are uninsured or whose commercial insurance will not cover any portion of the cost of this vaccine.

Pneumococcal Vaccine is available for those who are current smokers, have asthmatic conditions, or other high risk health conditions; and who are uninsured or whose commercial insurance will not cover any portion of the cost of this vaccine.
