

Mark A. Hackel  
County Executive

# ***VOLUNTEER for the Macomb County Health Department MRC***

## **➤ ➤ Mission**

The mission of the Macomb County Health Department Medical Reserve Corps is to strengthen the community by recruiting and training non-medical and medical volunteers that can be ready and able to provide organized assistance to the Health Department, Animal Shelter and surrounding communities in the event of a county wide emergency, large scale disaster, terrorist event or disease outbreak.

## **Volunteers at the County Animal Shelter**

### **Non-Emergency volunteers are needed:**

- Dog walkers/socializers
- Photographers
- Pet adoption blurb writers

## **Emergency Volunteer Expectations**

Volunteers who wish to support the Animal Shelter during an emergency are expected to complete one orientation and two training sessions within the first year of becoming a volunteer. Optional volunteer opportunities will be available throughout the year. Registering as a volunteer does not obligate you to participate during non-emergency or emergency events.
