

Extension Come Grow With Us Herb Series

Join us for this series as Troy Huffaker of DTL Herbs Ltd. educates us on herbs. Troy has been growing herbs for over 25 years. In 2010, he and his wife Diann started their business, DTL Herbs Ltd. They sell herbs and herbal products at farmers markets and craft shows and in the off season they teach people how to plant, care for and use their own herbs.

Herbs provide beauty and fragrance in the garden, and can enhance the flavor and quality of our foods, provide a healthy alternative to salt, and have traditionally been used for medicinal purposes. Many herbs can be easily grown in the home garden or in pots in the kitchen helping to stretch our food dollars.

This series on herbs will be held the first Tuesday of the month, February through May. Choose the classes you would like to attend or attend them all!
