### Board of Commissioners Chair Vosburg Names Committees

MOUNT CLEMENS, Mich. — Macomb County Board of Commissioners Chair Kathy Vosburg today announced seven newly formed committees to be approved at the January Full Board meeting.

Six of the committees will meet prior to each month's Full Board. They are: Finance (Committee of the Whole), Board Operations (Committee of the Whole), Economic Development, Public Safety, Courts, Health and Human Services, and an Audit committee, which will meet as needed. The committees act as specialized work groups for the Board, enabling it to function more efficiently.

"We have a very knowledgeable and motivated group of commissioners on each of these committees," said Board of Commissioners Chair Kathy Vosburg. "Each Chair was carefully chosen because he/she brings a key element that can build on everyone's strengths to successfully move the group forward as a whole."

Committee leadership and meeting schedules are as follows:

- **Finance** — Chair: Don Brown, Vice Chair: Fred Miller. Committee Chair Brown was chosen for his past experience as a Budget chair, and his professional experience with a cross-section of government. Commissioner Miller brings his expertise in government funding and the legislative process as a result of a successful career in Lansing as a State Representative.
- **Board Operations** — Chair: Kathy Tocco, Vice Chair: Jim Carabelli. Committee Chair Tocco brings her past experience as the Board's Vice Chair and perspective gained as a practicing attorney. Commissioner Carabelli offers his experience as a former township official and know-how as a successful business owner.
- **Economic Development** — Co-chairs: Jim Carabelli and David Flynn. Co-committee Chair Carabelli served as a co-chair of the former planning and Economic Development Committee and brings institutional knowledge of the groundwork laid in this vital area. Co-committee Chair Flynn served as Vice Chair of the former Planning and Economic Development Committee, and as a result, also contributes relevant experience to this committee.
