### **MSUE offers *Herbs for the Home Garden* series**

Ease into spring with MSU Extension's series of classes on herbs for the home garden. Herbs provide beauty and fragrance in the garden, and can enhance the flavor and quality of our foods, provide a healthy alternative to salt, and have traditionally been used for medicinal purposes. Many herbs can be easily grown in the home garden or in pots in the kitchen helping to stretch our food dollars.

*Herbs for the Home Garden* will be held the first Tuesday of the month, February through May. Join us for this series with Troy Huffaker of DTL Herbs Ltd. Troy has been growing herbs for over 25 years. In 2010, he and his wife Diann started their business, DTL Herbs Ltd. They sell herbs and herbal products at farmers markets and craft shows and in the off season they teach people how to plant, care for and use their own herbs.

#### Topics and dates:

Date: February 7 – Growing Herbs in the Garden  
March 6 – Cooking with Herbs  
April 3 – Harvesting and Preserving Herbs  
May 1 – Unusual Herbs

Time: 1:00 – 2:30pm

Place: MSU Extension, VerKuilen Building  
21885 Dunham Rd., Clinton Twp., 48036

Cost: \$7.00 per person per class or \$25.00 for the series.

Advance registration is required. Please call 586-596-6440 to register. Choose the classes you would like to attend or attend them all!
