MARY SOLOMON NAMED ACTING DIRECTOR OF MCCSA

Mary Solomon has been named Acting Director of the Macomb County Community Services Agency (MCCSA) effective January 7, 2012, following the retirement of former Director Frank Taylor.

Ms. Solomon has worked in human services in Macomb County since 1992, when she was a Case Manager for the Macomb/St. Clair Workforce Development Board, Inc. In 1997 she came to MCCSA in the role of Planner/Coordinator, and in 2002 became MCCSA's Assistant Director, where she has worked for the past decade.

"Mary Solomon is ideally prepared to lead MCCSA while the process of selecting a permanent Director moves forward," said Steve Gold, Director of Health and Community Services for Macomb County. "Under Frank Taylor's mentorship, she has been responsible for planning and administering all of MCCSA's many programs and services, and has directly supervised all of MCCSA's management-level staff. Mary regularly represents MCCSA to elected officials at all levels and to a broad array of community organizations. MCCSA's advisory body, the Macomb Community Action Advisory Board, strongly supported Mary's being entrusted with MCCSA in the interim following Frank's outstanding decade there."

MCCSA operates many programs serving Macomb County residents, including Head Start and Early Head Start, Weatherization, Emergency Assistance, Senior Nutrition, Senior Chore Services, and Medical Transportation. More information can be found at the MCCSA website, <http://www.macombcountymi.gov/MCCSA/index.htm>.
