FREE COMPUTER RECYCLING IN MOUNT CLEMENS

The Macomb County Health Department is conducting a free collection of unwanted computers and related computer components as an expansion of the County's ongoing Household Hazardous Waste (HHW) collection. Beginning on Friday October 21, 2011, the Health Department's HHW collection events will accept computers, monitors, laptops, scanners, printers and related computer hardware in addition to Household Hazardous Waste.

Recycling computer components keeps computer plastic, glass and metals out of landfills.

For additional information and a schedule of upcoming collection events please contact the Macomb County Health Department at (586) 469-5236 or visit our website:

<http://www.macombcountymi.gov/publichealth/EH/HouseholdWaste.htm>

This project is supported by Macomb County Executive Mark Hackel and the Environmental Protection Agency's Great Lakes Restoration Initiative.
