

MACOMB COUNTY
HEALTH DEPARTMENT

Macomb County Health Department

The Mission of the Macomb County Health Department
is to

Improve, Promote and Protect
the personal and environmental health of our
residents and our communities.

VALUES

We value the delivery of public health services in a professional, ethical and competent manner, which respects the dignity of the individual.

We are committed to excellence in all we do.

We value professional growth.

We value addressing community needs and the needs of population groups.

We value a safe and healthy environment,
which promotes safe and healthy communities.

We value employee ideas, which generate quality improvement.
